Big Sky Trip Report

Thirty Nashville Ski club members descended on the uncrowded slopes of Big Sky, Montana in January. Many of the skiers enjoyed the newest 8-person high-speed Ramcharger lift which has heated seats, an automatic foot rest and a bubble cover. The snow was good and the temperatures were tolerable. The mountain is beautiful and many skiers took the tram ride up to the peak at 11,300 ft for panoramic views. You could see into Wyoming and Idaho from the peak. It was double blacks down from there so wisely we all rode the tram back down.

We stayed slopeside at the Huntley Lodge which was nice. They provided a well-rounded breakfast each morning and had a nice heated pool and hot tub for relaxing after skiing.

Several skiers took Wednesday off for an excursion into Yellowstone. It is the second largest caldera in the world and the only "super volcano" in the US. We saw bison, eagles, swans and fox along with Old Faithful and other geo-thermal features.

We had two lovely ladies from Bowling Green, KY join us for their first-ever ski club trip. One of them checked off a big one on her "bucket list" items, which was to ski once more as she is now 78 years young!! We also had skiers from South Carolina, Memphis and of course Middle TN.

The only surprise was co- trip leader, Tom Gormley, fell on the next-to-last day and hurt his knee. He is recovering nicely now without surgery and doing his physical therapy so he will be back on the slopes next season. He wants to thank all the people, particularly his wife Bess, who helped him travel safely back from Montana on crutches!

Everyone had a good time and we're excited for next year's trip led by Judy & Tom!

Our last trip to the Park City area in 2015!

Whistler, BC — February 23-March 2, 2019

We're going international!!! Ok, so it's not "across the pond" but it is our friendly neighbors to the north.

This trip is SOLD OUT though you may contact the trip leader to be put on the waiting list.

This week-long trip to Whistler, British Columbia, Canada leaves Nashville on February 23rd. Make sure those passports are up to date and [start your trail map musings](#) any day now, as Whistler is a ton of mountain to cover.

Whistler and Blackcomb are combined by the Peak 2 Peak Gondola joining up to make over 8,000 acres of skiable terrain. This is touted to be the largest skiable area in North America, and we're going to make it ours for a full week. The Peak 2 Peak Gondola connects the two areas and holds two world records: one for the longest free span between ropeway towers and another for the highest point from the ground. The latter isn't so much fun for those with a fear of heights. But we chose this sport, right?!!

Dates: February 23 - March 2, 2019 Saturday to Saturday

Lodging: Our stay will be at the Delta Whistler Village Inn and Suites, a Marriott property. We'll have 2 BR/2 BA condos...with robes and slippers! It's located in the Village, just steps from Olympic Plaza and a couple minute walk from the lifts!
